On 26th of April 2017 in the room number 125 at the Faculty of Electrical Engineering and Information Technologies, Ss. Cyril and Methodius University in Skopje, Republic of Macedonia, an Industrial workshop: **Why we need mathematics? – Application of mathematics in industrial problems in Macedonia** was held.

The industrial workshop started at 9.30 and ended at 16.00. It was opened by local organizer Biljana Jolevska-Tuneska. People who gave talk were:

1. Biljana JOLEVSKA-TUNESKA (UKIM)
2. Jane STANOJOVSKI (ITgma)
3. Gjorge LAZAROV (Relevant)
4. Nikola TUNESKI (UKIM)
5. Andrej MANEVSKI (Innelipse)
6. Dame ANTOV (Neotel)
7. Bojan PRANGOSKI (UKIM)

At the end, a discussion was opened covering the topics of this industrial workshop, i.e. the need of mathematics and its application in the industry. It was concluded that this kind of one day events are excellent opportunity for both people from Universities and industry to meet each other, share their problems and make stronger connection and future collaboration.
